

GoVision & GoVision PRO

GoVision at School

Transportable Read, Write & Distance Magnifier with Built-in OCR and Connectivity with Phones, Tablets & Computers

GoVision and GoVision PRO are all-in-one, space-saving HD video magnifiers that combine all the best features of a desktop video magnifier with transportability and connectivity unrivaled by other products. Take GoVision wherever you need it to magnify text, view photos, check ingredients on food packaging, do crafts and much more. Use Self View Mode for personal grooming or applying make-up before you leave the house. Take GoVision with you to use the Distance Mode with the 360° camera rotation to view a whiteboard in the classroom or a presentation at work.

GoVision for Smart Boards

Built-in OCR for Printed Text and Media Support for Photos, Videos and Stored Documents

GoVision's easy-to-use wired remote control makes it simple to capture printed text for OCR. Captured text can be read aloud immediately or saved for later use. Students can OCR capture library books or printed test materials then use their favorite pair of earbuds to listen without disturbing their classmates. GoVision PRO can even capture a full-page of text, and offers premium features like the Guide Frame, Column Reading and auto-detection of languages for an even better OCR experience. GoVision and GoVision PRO can also open documents, PDF files, photos and videos saved from your computer or mobile device onto a USB flash drive. Magnification, text color and LED light can be adjusted using the remote or using the multi-function jog switch located on the side of the camera.

Full-page OCR (GoVision PRO)

Take GoVision Wherever You Need It and Connect with All of Your Favorite Devices

Transporting GoVision and GoVision PRO from home to school or work is easy. Just rotate the arm and lower the camera behind the monitor. A simple lever locks the arm into position so the camera stays protected, and the built-in handle makes it easier to carry. Connect your smartphone, tablet, PC or Mac via HDMI to magnify email, Google Maps and other programs and apps while away from home. The HD magnification near and far, built-in OCR, wide range of device connectivity and transportable design make GoVision the perfect all-in-one magnifier for students, professionals and active adults.
